Call for Papers

Orange County, CA.
April 22-24, 2021

This Year's Theme: How Emerging Technologies Are Driving Sustainability

The 8th IEEE Technologies for Sustainability Conference (SusTech 2021) is designed to explore the development that meets the needs of the present without compromising the ability of future generations to meet their own needs. It brings together scientists, engineers, technologists and scholars from multiple disciplines to hold a dialogue on environmental issues and collaborate on ideas to develop and utilize innovative tools and intelligent systems to address them. Attendees will learn about the emerging technologies, latest tools, and proactive solutions to take their sustainability programs to the next level.

- **SusTech 2021** will be held online and it will feature technical papers & presentations, posters and workshops.
- Prominent experts will be giving keynotes, plenary presentations and invited talks.
- Best Posters and Papers in the conference will be eligible for an award.
- Full papers will be published in the SusTech 2021 Proceedings.
- Conference content that meet IEEE quality review standards will be submitted for inclusion into IEEE Xplore as well as other Abstracting & Indexing (A&I) databases.

Papers are solicited for presentations from industry, government, and academia (including students) covering relevant research, technologies, methodologies, tools and case studies. Topics with policy implications are also welcome.
